Please note: features and exhibitions may be subject to change at short notice at the editor's discretion

The magazine

Tube & Pipe Technology is a leading international magazine for the tube and pipe industries available in print and digital versions. Published six times per year, TPT magazine covers technological developments concerning tube and pipe manufacturing methods, production machinery and processing equipment.

Distribution

Tube & Pipe Technology has an international readership of machinery and equipment producers, manufacturers, suppliers and users around the world.

Total global distribution: over **18,400** per issue.

Europe – 57%

Asia (including China) – 30%

Americas – 12%

Rest of the World – 1%

** Typical distribution*

Comprises printed distribution and electronic distribution. Does not include bonus circulation at international trade shows, exhibitions and conferences. Pass-along readership is not included.
